**Revenues** for the quarter ended September 30, 2014 were \$11.7 million compared to revenues of \$12.8 million for the third quarter of 2013.

# **Management Comments:**

**Mr. Yitzhak Nissan**, Chairman of the Board and Chief Executive Officer, commented: "Eltek's revenues in the third quarter were still weak. We experienced a decline in the demand by the domestic defense sector for printed circuit boards manufactured locally. This decline was not sufficiently compensated by sales to the domestic civilian market. In addition, there was a reduction in orders received from the United States.

"We have taken measures to streamline our operations and to better leverage our competitive advantages. We expanded our sales force in the United States and in Israel, and we are making good progress in modernizing our production lines.

"In addition, we are offering imported boards to the customers that prefer low cost products. As a leading manufacturer, we can provide these customers better quality control and high-level services.

"We believe that with these measures, our company will be well positioned to increase its market share in the near future." Mr. Nissan concluded.
